

IGNOU RC Noida - Assignment Submission Guidance

Assignment submission information matched to official Regional Centre guidance

Assignment guidance

- Prepare each course assignment using the current assignment question paper / assignment booklet.
- Submit assignments at your allotted Study Centre unless a newer official Regional Centre / Study Centre notice gives a different route.
- Follow the submission schedule and instructions printed in the current assignment booklet or the latest official notice for your programme / course.
- Use the correct current assignment for the applicable session.

Study Centre submission

- The official Noida "How to prepare Assignments" guidance identifies the learner's Study Centre as the place of submission.

Because assignment schedules can be programme-specific, use the date printed in the assignment booklet or a newer official notice rather than assuming one date applies to every course.
